WAVE 3000							
FOR MOTOTRBO™ CONNECT PLUS TRUNKING SYSTEMS							
RESELLER PRICES							
GENERAL INFORMATION							
WAVE™ 3000 is an enterprise-grade solution that includes an easy-to-use Android or IOS application for mobile devices that connects through a pure IP interface using the WAVE 3000 server.							
KEY WAVE 3000 FEATURES INCLUDE							
Unique Profile for Every User							
Private Calls, Group Calls, Multi-Group Calls							
User Location							
User Presense							
Private Calls with Hang Up							
Secure Centralized Provisioning							
REQUEST A QUOTE							
To request a quote for WAVE 3000, download the WAVE 3000 for Connect Plus Quote Request Form from Motorola Online/Product Information/Systems/Trunking							
WARRANTY							
The WAVE(TM) 3000 Server equipment is warranted against defective materials and workmanship for a period of two (2) years from the date of delivery to the original purchaser. Liability under this warranty is limited to servicing, adjusting, repairing or replacing, as necessary, any equipment returned to Motorola, transportation prepaid for that purpose. Factory examination must disclose a manufacturing defect. Repaired or replaced items will be returned to the purchaser via surface freight within the continental U.S.A. For troubleshooting and Warranty Service, please contact Motorola Technical Support at 800-927-2744 # 3, 3.							
RETURN FOR CREDIT							
You may return eligible products for a credit or a refund of the purchase price paid, less shipping and handling, and any applicable restocking fees, as set forth below. No equipment may be returned for credit until the customer has obtained Motorola's written approval for return authorization.							
90 DAY RETURN PERIOD							
Motorola Solutions will accept the return of new and unused hardware, accessories and parts, in their origin original packaging material, within 45 calendar days of the original shipment of the product. After 45 calendar days, a 20% restocking fee will be assessed. After 90 days, no returns will be accepted. Any product returned without prior authorization from Motorola will be considered an unauthorized return and will not receive credit for the product return. Motorola will also not ship the product back to you.							
RESTOCKING FEES							
After 45 calendar days, of the original shipment of the product, a 20% restocking fee will be assessed. After 90 days, no returns will be accepted.							
PRODUCT RETURNS							
In order to ensure your return is successfully processed, contact Dealer Support Services/Customer Service at 1-800-927-2744 to obtain a ReturnAuthorization Number and shipping instructions. Motorola will not accept returns without a RMA number.							
NOTE: You must ship the product to Motorola within 5 days of the RMA issue date and MUST follow these steps:							
<ul style="list-style-type: none"> • Ship back all products you are seeking to return to Motorola and for which you received a RMA number. • Return the products in their original packaging, in as-new condition, along with any media, documentation and any other items from the original shipment. • Ship the products at your expense, and insure the shipment or accept the risk of loss or damage during shipment. 							
Upon receipt of your return, Motorola will issue a credit or a refund of the purchase price paid, less shipping and handling, and applicable restocking fees.

VML 750

LTE VEHICLE MODEM

VML750 LTE Vehicle Modem harnesses the power of Verizon 3G/4G LTE and Band 14 Public Safety LTE, providing high speed data with the priority, control, security and performance required by Government & Public Safety agencies and may also be used to empower employees in operations-critical roles at business and industrial enterprises.

RESELLER VERSION

UNIQUE DESIGN
Supports 2 SIM cards for Verizon 3G/4G LTE, Private LTE B20 network and Public Safety LTE B14 for FirstNet
Roof-mounted external antennas with Multiple-In-Multiple-Out (MIMO) configuration for extend range and data speed
Mobile WiFi 802.11b/g/n 2.4 GHz Access Point supports up to 32 simultaneous users with 164 ft (50 m) line-of-sight range
Flexible mounting options for installation in a mass transit bus, school bus, utility truck, patrol car, fire apparatus or ambulance.
Built-in GPS with vehicle tracking, route optimization and integration of Computer Aided Dispatch (CAD) services
MIL-STD 810G rated ruggedized design withstands heat, cold, rain, humidity, dust and vibration
IP66 sealed for protection against tight dust and powerful water jets
Wired Connectivity: 1 Ethernet port (10/100 Mbps, RJ-45) and 1 USB 2.0 port
Optional CRYPTR FIPS-140-2 compliant security storage module
APPLICATION EXAMPLES
Mass Transit Buses and Trains - real time location tracking with live video feed or internet access for passengers
School Bus - real time location tracking with live video feed and student boarding and departure record
Utility Truck - high speed work ticket updates with instant status reports
Private security patrol car - real time location tracking, live video and inspection reports
Ambulance - access patient records, medical history, insurance information and transmit vital statistics while still in route
Limousine Service - provide Wi-Fi connection for high profile clients, especially for international business travelers who need data service
